Brainerd Public Schools, ISD 181

Income and spending overview. Fiscal year ended June 30, 2025.

Independent School District No. 181, Brainerd, Minnesota. District number 0181-01. This overview reads the local ledger. The signed audit remains the record for the audited figures. Amounts are whole dollars.

The audited governmental funds

Governmental funds took in $121,622,792 and spent $122,515,320. Fund balances fell by $464,821, to $32,634,973. FY2024 spending on the same statement was $120,712,127. That year is a single total, with no fund split.

The general fund took in $95,288,614 and spent $95,885,602. Other financing sources of $427,707 are not revenue. The general fund balance fell by $169,281, to $22,209,902.

These totals are different questions

The figures below answer different questions. They are not added to the governmental-fund spending of $122,515,320.

Picture	In	Out
Audited governmental funds, FY2025	121,622,792	122,515,320
Full-accrual government-wide, FY2025	123,211,606	119,395,514
Statutory form, FY2025 inflows and outflows	123,774,152	125,329,705
FY2027 adopted budget, referendum page	124,059,624	132,895,117

Government-wide outflows are expenses, not expenditures. Debt principal paid is an expenditure in the funds and is not an expense government-wide. Statutory inflows are revenues and transfers in. The FY2027 budget includes the OPEB trust. Unrestricted government-wide net position is negative $32,942,414. That figure is not spendable cash.

Where the governmental funds spent the year

Every row is audited governmental-fund spending. Regular instruction and special education are entirely in the general fund. The split rows are sites and buildings ($9,716,466 general and $810,873 building construction), capital outlay ($891,609 general, $516,995 building, and $16,771 community service), debt principal ($1,491,536 general and $8,260,000 debt service), and debt interest ($352,447 general and $8,119,226 debt service).

Function	FY2025 expenditures
Regular instruction	36,036,654
Special education	26,570,297
Sites and buildings	10,527,339
Debt principal	9,751,536
Debt interest	8,471,673
Pupil support	7,690,291
Food service	4,852,316
Instructional support	4,737,508
Community service	4,053,537
Administration	3,495,865
District support	2,715,457
Vocational	1,645,808
Capital outlay	1,425,375
Fiscal and other fixed-cost programs	541,664
Total	**122,515,320**

The signed audit does not publish salaries inside a function, spending by school, or UFARS program codes. The line-item UFARS file is not a public download.

General fund, by object

These objects are not crossed with the functions above. Salaries and benefits are the largest share of general-fund spending.

General fund object	FY2025	FY2024
Salaries	53,148,245	52,848,528
Employee benefits	22,634,376	22,099,874
Purchased services	13,720,143	13,047,159
Supplies and materials	3,435,298	3,114,151
Capital expenditures	891,609	563,099
Other expenditures	2,055,931	2,095,062
Total	**95,885,602**	**93,767,873**

Federal awards already inside that spending

The schedule of federal awards sums to $5,765,316. Governmental-fund federal revenue is $5,765,016. The schedule is $300 above that revenue. That difference is not assigned to a program. These lines are already inside the governmental-fund total. They are not added again. The eight lines below are the largest awards. They do not add to the schedule total. Smaller awards are in the full report. The schedule prints $3,978,695 for Assistance Listing 84.425. The two current-year lines, ESSER III and learning loss, sum to $805,172. The larger figure is not added.

Largest federal award lines	FY2025
National School Lunch, cash	1,871,869
Title I, Part A	1,393,945
ESSER III, 90 percent	734,384
School Breakfast	488,326
Special education, through Paul Bunyan	429,090
National School Lunch, commodities	244,562
Title II, Part A	156,281
Title I, Part D	102,426
All federal award expenditures	**5,765,316**

FY2025 revised budget, not actual spending

The June 2025 budget book splits the revised general-fund budget by restriction. Rows of $1 million or more are shown. They add, with the smaller rows, to $98,266,433, which matches the audit's final general-fund expenditure budget. Actual general-fund spending was $95,885,602. The signed audit does not publish actual spending inside these restrictions.

General fund restriction, revised budget	FY2025 budget
Unassigned	80,862,894
Basic skills	5,685,098
Long-term facilities maintenance	1,942,269
Alternative learning	1,703,598
Operating capital	1,645,389
Q Comp	1,575,824
Staff development	1,271,641

General fund restriction, revised budget	FY2025 budget
Learning and development	1,148,015
Total general fund budget	**98,266,433**

The same book prints a FY2024 table it labels audited. That table's general-fund expenditures are $93,663,493. The signed audit's general-fund expenditures are $93,767,873. The $104,380 difference is not repaired, and those FY2024 rows are not in the ledger.

What this overview leaves in the full report

- Food service, community service, building construction, and debt service are each shown with their own revenue, spending, and ending balance.
- The statutory form separates general-fund restricted and other accounts. Those inflows are not audited revenue.
- Internal service spending of $17,074,153 is excluded. Those charges are already inside the other funds. The custodial fund is money held for others.
- The OPEB irrevocable trust is outside the headline. Its audited expenditures are $2,445,486.
- FY2027 beginning balances are not set from FY2026 statutory ending balances. Building construction's matching $1,565,062 is a published coincidence.
- The long markdown and HTML reports list every loaded line, the federal award schedule, and the full restriction budget.
